

412 A-JET DISPERSIONS

These solvent-borne pigment dispersions are designed for use in a variety of inkjet inks. Manufactured using advanced techniques that control for particle size, color development, and balanced rheological properties these dispersions combine ease of use with unsurpassed gloss and transparency in finished inks. A-Jet dispersions can be formulated into a wide range of clear ink varnishes. Excellent results are obtained printing onto papers, vinyl media, acrylic media, olefinic media and other substrates. Its broad compatibility enables ink-makers to replace multiple preexisting dispersions thus simplifying manufacturing.

PRODUCT CONSTANTS

Product Code	Product Name	Pigment Identification	Color Index Name	Weight Percent			Volume Percent			Specific Gravity	Wt/ Gal	VOC#/ Gal
				Pigment	Vehicle Solids	Volatile	Pigment	Vehicle Solids	Volatile
